[15 MARKS] **SECTION A**

- Name a device which can be used both for input and output of data. 1
 - Printer
 - В Touch screen
 - C Soft screen
 - D Soft touch
- Which of the following statements best describes the action the computer 2 performs to process data?
 - $Input \rightarrow storage/processing \rightarrow feedback$ Α
 - Input → output/processing → storage В
 - Input → processing/storage → output C
 - Feedback → input → processing/storage
- 3 A microprocessor is a ...
 - A set of instructions.
 - B storage for instructions.
 - C piece of software.
 - D piece of hardware.
- 4 RAM stands for ...
 - Random Access Media. Α
 - В Random Access Memory.
 - C Random Advanced Memory
 - D Random Active Memory.
- The space on the hard drive is measured in ... 5
 - A megahertz.
 - B megaamps.
 - C megabytes.
 - D megawatts.
- Which type of operating system is used in factories to control machines 6 automatically?
 - Multiuser system A
 - В On-line system
 - Real time system C
 - Single user system
- What term is used to describe the process of correcting and making changes to 7 a document?
 - Auditing A
 - Editing B
 - Spell checking C
 - Find and replace D

- 8 What is the correct formula for dividing B1 by the sum of B2 and B3 in a spreadsheet?
 - A = B1/(B2 + B3)
 - $B = B1 \div (B2 + B3)$
 - $C = B1 \setminus (B2 + B3)$
 - D = B3 + (B2/B1)
- 9 A ... can be used quickly to locate information on the internet.
 - A quick locator
 - B quick finder
 - C search finder
 - D search engine
- What should a user do to a computer not responding to commands?
 - A Switch it off
 - B Switch it off and on
 - C Plug it out
 - D Plug it out and in
- 11 The CPU is the device that ...
 - A stores data.
 - B processes data.
 - C prints data.
 - D inputs data.
- Gaining unauthorized access to a computer system and changing the data is known as ...
 - A breaking.
 - B hacking.
 - C spaming.
 - D stealing.
- When a user saves an existing document with a different name, what happens to the original document?
 - A It is lost
 - B It is kept
 - C It is moved
 - D It is replaced
- Back and neck problem which results from the use of the computer can be reduced by using ...
 - A a fully adjustable chair for correct posture.
 - B a higher chair.
 - C a back and neck fitter.
 - D an ergonomic keyboard.

Page 4 of 6

- A legal right given to the publisher or owner of a software is called ...
 - A publication rights.
 - **B** user rights.
 - C software rights.
 - **D** copyrights.

SECTION B [20 MARKS]

There are fifteen (15) questions in this section.

Answer all the questions in this section by using one word or a short phrase. Write all your answers in the Answer Booklet provided.

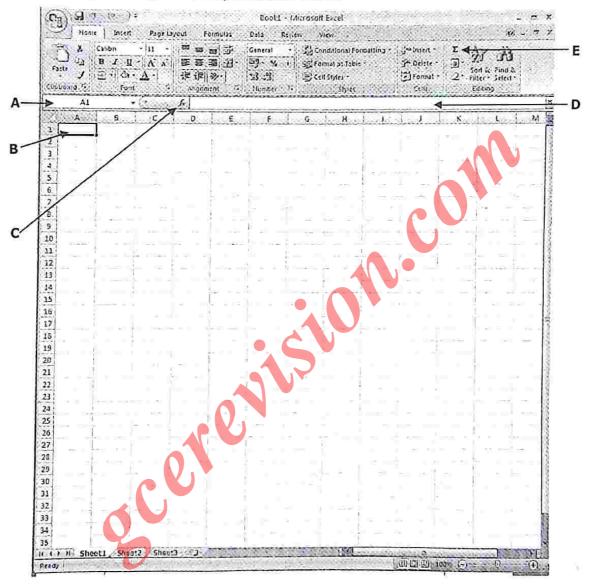

16	A is the hardware that allows a computer to produce audio output.	[1]
17	1,410,000,000 bytes is the same as gigabytes.	[1]
18	To protect data, a user must input a each time to log on.	[1]
